ST PAUL'S COLLEGE APP

**us**app

WELCOME TO OUR NEW SCHOOL APP!

The App is now the school's main communications channel and administration processing platform for parents/guardians and students. It provides a single touch point where all of the school's published news and information can be quickly and instantly accessed through your phone. Many of our traditional paper-based forms have been digitised and parents/guardians must use these forms going forward as we will no longer have the processes in place to handle paper forms. Forms include Absentee, Late Notes, Permission To Leave Early, Consent Forms and Notes from Parent. These changes will help us achieve GDPR compliance, reduce our carbon footprint, reduce costs and streamline our administration work.
DOWNLOAD AND REGISTER

The school requires all parents/ guardians and students to download the App and register using the same mobile number that you have supplied to the school.

APP STORE

GOOGLE PLAY

YOUR MOBILE NUMBER

Registration for the App is driven by parent's/guardian's mobile phone numbers. It is critical that parents/guardians have supplied their current mobile number for both parents/guardians. If the school does not have a mobile number for a parent/guardian then that parent/guardian will not be able to register wth the App. If you have any doubt please contact the school office.

VERIFICATION

During the Registration process App users must enter a mobile number. This number is checked to the school's active parent list. Once matched, a code is sent to the phone to continue the verification process. Contact/student details are then confirmed, your email entered and verified. When verifying your email the App will send a verification link to the email address you have provided. You will need to go and click on that link to complete the verification process. If the email is not in your inbox please check spam.

SET UP PARENT/ GUARDIAN

1 DOWNLOAD
St Paul's College in the
App Store or Google play

2 VERIFY
your school connection

3 INPUT
your mobile number
(check country code is correct)

4 ENTER OTP CODE
that is sent to your phone via text

5 CONFIRM
match with school's database
record for your student(s)

6 ENTER
your digital signature and click register
